Interior's National Business Center Human Resources Directorate offers Automated Staffing Solutions

NBC's HRD is now offering OPM's USA Staffing and Monster Government Solutions

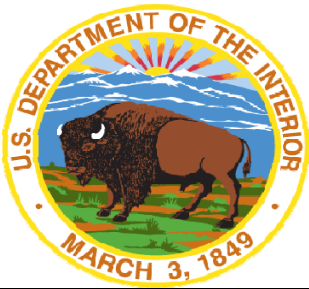

Washington DC – Department of the Interior's (DOI) National Business Center (NBC) announced today the addition of two automated staffing solutions to the Human Resource Directorates' (HRD) service offerings. NBC's HRD is now offering customers the Office of Personnel Management's USA Staffing and Monster Government Solutions (MGS) Hiring Management e-staffing solutions.

"The NBC takes pride in providing outstanding services and support. We are proud to combine our HR industry knowledge with state of the art technology to help our clients acquire today's top talent.

Douglas J. Bourgeois
Director
National Business Center

In keeping with NBC's strategy to offer our clients "best of breed" solutions, NBC selected USA Staffing and MGS through a competitive process. Both are industry leading, automated staffing systems which seamlessly integrate with the NBC's Workforce Transformation and Tracking System, USAJOBS, and the Federal Personnel and Payroll System. This integration reduces data entry in each of these systems, helping HR professionals do their job faster, more efficient and with greater accuracy.

Since the June 2009 launch, NBC has signed fourteen clients to their new e-staffing solutions, reportedly saving them 7% to 65% in administrative costs. By purchasing USA Staffing and MGS Hiring Management through the NBC, clients can realize significant cost savings by participating in the NBC's economy of scale savings model.

Trade Release

The NBC welcomes inquiries from potential customers and would be delighted to jointly explore how the NBC can free Federal agencies to better concentrate on your mission programs by allowing the NBC to provide cost-effective, efficient solutions for various HR needs. Please contact Mel Stockwell by email: Mel_T_Stockwell@nbc.gov or telephone: 303-969-7200.
